## PREDICT NORMAL OPERATION OF ALL ROADS IN WEEK

Return of Men In Georgia District Means End of Strike.

## WILL WAIT FOR SETTLEMENT OF WAGE CONTROVERSY

Chicago Union Men Claim Success In Effort to Prevent Meeting.

Chicago, Aug. 13.—Calling off of the federated railway shompen's strike in the Atlanta, Ga., district, caused railroad officials today to predict that the entire rail system of the country would be operating at normal within a week. Reports from various parts of the country today showed that striking shompen were returning to work pending settlement of their wage demands. In the Chicago district, however, there was no break in the ranks of the strikers. Officers of the Chicago district council who called the strike against orders of the international officers, claimed today they had been successful in breaking up meetings held by international leaders who sought to induce the men to return to work pending a settlement of the dispute. A number of trains which were cancelled several days ago on account of the strike on railroad centering here were resumed today.

## G. & O. SHOPMEN AT CINCINNATI RETURN

Lexington, Ky., Aug. 13.—The G. & O. shops state that all of the striking shompen, except seven boilermakers who walked out a week ago in accord with the general strike of the federated shompen, returned to work at 7 o'clock this morning. It is not known whether the boilermakers will be given orders to take up their tools again. They are affiliated with the Huntington, W. Va., union, and feel that they cannot resume work until some official action is taken by that organization. Simultaneously with the return of the striking shompen to their duties, fires were lighted under the boilers of freight engines as preparation for starting out freight trains today. It was stated at the companies roundhouse that before the day is over it is expected that all freight trains on this division will be running.

Government Attorney Libels Eggs Held in Storage at Chattanooga For Morris & Co., Packers.

Jacksonville, Fla., Aug. 13.—More than a million eggs, hundreds of thousands of tins of canned food, and 27,500 pounds of sugar were seized here today in a raid on wholesale food warehouses and cold storage plants by federal officers.

Chattanooga, Tenn., Aug. 13.—Eighty-four thousand dozen eggs stored with the Atlanta Ice and Coal corporation here for the account of Morris & Co., Chicago, was seized today by the United States district attorney. Seizure was made under libel proceedings in the federal court, which charged that the eggs were unlawfully stored for the purpose of unreasonably increasing prices.

## GOVT. CUTS PRICES ON ARMY SURPLUS

Washington, Aug. 13.—To meet reductions recently made by retailers, a new scale of prices for surplus food stuffs was put into effect today by the war department. Roast beef was reduced from \$2.13 to \$1.90 per six pound can; bacon from 35 to 21 cents per pound, and No. 3 cans of beans from 11 to 9 cents. Prices on other items were reduced in proportion. "The secretary of war," said the announcement, "has approved the policy of revising war department quotations from time to time to keep these prices below those charged by retailers for similar commodities."

## WARNS U. S. AGAINST TAKING OVER RAILS

C. C. McChord.

Charles C. McChord, senior member of the interstate commerce commission and acknowledged one of the world's foremost railway authorities, warns the country the taking over of the railways under the plan urged by the railway brotherhoods would bring the government's total debt up to \$50,000,000,000. "No one should at such a time as this, when the business and industrial interests are endeavoring to resume business and production on a peace basis, advocate national expenditures on so stupendous a scale," says Mr. McChord.

## O. E. TRAINMEN CONFER AGAIN

Negotiations With Company Officials on Wage Question Are Reopened at Springfield.

Negotiations looking toward an amicable adjustment of the wage controversy between the trainmen and officials of the Ohio Electric railway, were reopened in Springfield today, according to an Associated Press dispatch to the Advocate. What the nature of the negotiations were was not divulged by the representative of the trainmen who made the announcement.

No further information has been received in Newark regarding the situation. The trainmen have renewed their promise of a 24 hour notice if a strike is called.

The Springfield dispatch says: "Negotiations looking to an amicable adjustment of the wage demand of the trainmen of the Ohio Electric Railway company were under way today according to James Largay, special organizer for the Amalgamated Street and Electric Railway Union. Largay said that the men's decision to strike if the company would not recede from its refusal to meet their demands was handed to the company's officials yesterday. He said that the company would be given a reasonable time to recede from its decision. "He also said that in the event a strike order is issued that the public would be given 24 hours notice. He refused to state the nature of the negotiations taking place today, but indicated that a move of some kind was being considered which may bring about a settlement between the trainmen and the officials."

## EXTRA LEVY FOR SCHOOLS WINS IN CITIES IN OHIO

Primary Election Takes Second Place In Minds of Voters.

## WOMAN NOMINATED FOR ZANESVILLE SCHOOL BOARD

Columbus Voters Reject Increased Street Car Fare Proposal.

Columbus, Aug. 13.—Overwhelming majorities in favor of bond issues and the two mill tax levy for school purposes were outstanding features of yesterday's elections held in cities throughout Ohio. Reports are that the vote was light. Apathy, shown by voters with few exceptions in cities where bond issues or other civic questions were not to be decided at the polls, indicated that these problems transcended in importance the election of party nominees.

In Columbus the voters were called upon to decide whether the street railway was to be given the right to increase fares. Citizens rejected the proposal overwhelmingly, together with a grade crossing bond issue. The school bond issue and extra tax levy carried. Scott Wehe, president of the shompen of the Pennsylvania shops, was nominated for councilman.

For the first time in Zanesville's history a woman was chosen a nominee when Miss Kate Buchanan, Republican, was picked as the party's choice for the board of elections. Socialists apparently made no impression on the outcome of the election in any of the primaries. In Springfield the Socialists were entirely eliminated from the city commission race. Successful candidates for nomination for mayor and other results of yesterday's primary follow:

Akron—Five of the seven bond issues carried. H. J. Berroddin, Democrat, W. J. Laub, Republican. Alliance—Charles S. Westover, Republican and Thomas S. H. Nichols, Democrat. School levy carried. Bucyrus—William Ott, Democrat and Rev. Carl E. Buerkle, Republican. Bellefontaine—Thomas W. Shea, Republican and Frank Dowell, Democrat. Cleveland—\$1,000,000 school bond issue and tax levy carried.

Canton—\$1,250,000 water improvement bond issue carried. Henry Continued on Page 2, Col. 2.

## RUSH AID TO KOLCHAK FORCES

American Gove. Sends Ammunition and Equipment From Frisco To Siberia.

Washington, Aug. 13.—Material aid for Admiral Kolchak's retreating army in Siberia is being rushed to Vladivostok by the American government. It was said officially today that 45,000 rifles and several millions of rounds of ammunition already had been sent from San Francisco and that additional equipment would go forward this week on an army transport.

The amount of material ordered to Siberia was not disclosed, but was said to be very large and to include modern weapons and medical supplies as well as rifles and ammunition. The original consignment was materially increased after the recent reverses of Kolchak's army, it was said.

## SAY MISSING CASHIER WILL RETURN HOME

Lorain, Aug. 13.—William W. Treble, missing assistant cashier of the City bank, who is accused by bank officials of having lost more than \$100,000 of the bank's funds by stock speculation, is expected by his friends to return here voluntarily to face the charges. Treble's friends maintain they have been in communication with him since his disappearance more than a week ago, and maintain that Treble will return to Lorain in a short time.

Bank officials said Treble used the bank's credit without sanction or authority, to carry on his stock speculation. They also say Treble told them of irregularities in his accounts just previous to his disappearance.

The recent big slump in the stock market is said to have forced Treble to draw on the bank in an effort to cover his margins. In the meantime, bank officials and state bank examiners were continuing their auditing of the bank's books to establish exactly how much the shortage is.

## WILL VETO REPEAL OF DAYLIGHT SAVING LAW

Washington, Aug. 13.—President Wilson, it was said today, will veto the law proposing repeal of daylight saving time. The measure has been before the president since August 5, and he is expected to return it to congress before the end of the week.

Efforts to pass the agricultural bill with its repeal over the President's veto failed last month and leaders in both the house and senate doubt that the two-thirds majority necessary to pass the repeal law over the executive's head can be mustered.

## WAR WORKERS DISCHARGED TOMORROW

All members of the Licking County War Work Committee, division leaders, captains, township chairmen and workers are to meet at Masonic Temple at 8 o'clock tomorrow evening, August 14, to make their final report on the War Savings Stamp drive and to receive formal discharge from service. Engraved certificates of discharge are today being signed by Chairman Wright and Secretary Barber for distribution to the members of the organization. Several hundred men are engaged in a house to house solicitation for the sale of W. S. S. this week in Newark and over the county. Special teams are working in 21 Newark factories. Reports coming to headquarters show that W. S. S. sales are growing rapidly. The victory shaft contest will close in seventeen more days. At present Licking county is leading the whole state. Warren county is a close second and a dozen other counties are not far behind. In order to win, every effort possible must be made. If everybody will buy, the shaft will come to Licking county.

In a proclamation published yesterday Mayor Atherton urged every citizen to help win the shaft. In a letter published today President Davis of the Chamber of Commerce makes a strong appeal. Licking county has made James G. Cooper a "World Champion". Now let's make the Victory "double" by winning the shaft. It can be done.

## BOLTON DEFEATS SMYTHE IN RACE FOR PLACE ON JUDICIAL BALLOT

Has Majority of 104 Votes Over Bar's Oldest Attorney—Max Norpell Gets Place on Ticket for City Solicitor When Friends Write in His Name.

The official count of the ballots cast at the primaries yesterday was completed at 9 o'clock this morning by the members of the board of deputy supervisors of elections and showed that only 1,047 ballots were cast, 721 Democratic and 326 Republican. Of these Mayor H. A. Atherton received 563 and Charles W. Kent, Republican candidate for mayor, 230. The last registration presidential year 1916, was 6,500 and as a total of only 1,047 votes were cast yesterday, about 16 2/3 per cent, it certainly is proof conclusive that the primary system is not popular. This may have been caused by the fact that there was only one contest, that of municipal judge on the Democratic ticket, Brandt G. Smythe receiving 235 votes and his opponent Frank A. Bolton 229, giving Bolton a majority of 104.

The Democrats did not have a candidate for councilman in the first ward and seven votes were cast for George Fromholtz. Had he received eight votes it would have been enough to nominate. The Republicans did not have a candidate for city solicitor but Attorney Max Norpell received 125 votes and his name will go on the ballot. They had no candidate for councilman in the third ward. Neither party had a candidate for assessor but a C of the second Cephas "Shorty" Wagner received six votes. Two short of enough to nominate. The full vote of all candidates on the primary ballots follows:

## PEACE COUNCIL HASTILY CALLED

Delegates Get Summons. This Afternoon to Consider Hungarian Situation—Rumanian reply Received.

Paris, Aug. 13.—The inter-allied supreme council was summoned hastily today to meet at 2:30 o'clock to consider the Hungarian situation.

Paris, Aug. 13.—The replies of Premier Bratianu of Rumania to the notes of the supreme council of the peace conference concerning the activity of Rumanian troops in Hungary have reached Paris and were being decoded today by the Rumanian delegation. While the full and exact texts of the notes are not available the members of the Rumanian delegation say that they are of a conciliatory nature. It is said that Premier Bratianu has instructed the Rumanian officers at Budapest to hold an immediate conference with the allied generals aimed to make every effort to avoid complications. It was not known today when the notes would be presented to the supreme council.

## RUMANIANS ACTED IN GOOD FAITH IS CLAIM

Bucharest, Tuesday, Aug. 12.—The Rumanian army entered Budapest in what was believed to be in compliance with the wishes of the allies. Premier Bratianu of Rumania said today in a statement given to the Associated Press. He said the movement was undertaken in an effort to stamp out Bolshevism and that there was not the slightest disposition on the part of the Rumanians to take any territory beyond that considered essential to Rumanian's achievement of national unity.

"Our troops will be withdrawn within the frontiers fixed by the Rumanian treaty of alliance with the allies," Premier Bratianu said, "whenever there is established in Hungary a stable government that will afford protection to the Rumanian front and give any effective guarantee that the armistice and treaty will be observed."

"While we were awaiting the arrival of allied troops, the Bolsheviki attacked the Rumanian troops on the Transylvanian front. After several days of hard fighting, in which Rumanians received no material help from the allies, the Bolsheviki forces were beaten decisively," the premier said.

## DEMAND \$1 AN HOUR AND 5-DAY WEEK

New York, Aug. 13.—Interior decorations essential to the renovation of hundreds of apartments preparatory to October leasing, came to a standstill today in the strike of 14,000 painters, decorators, and paperhangers. The workers demand a five-day working week of 40 hours with a wage of \$1 an hour. They have been receiving \$6 a day for a 14-hour week.

## COMMITTEE WILL EXPEDITE READING OF PEACE TREATY

Sen. Hitchcock Forces Foreign Relations Body to Speed Up.

## THREATENS TO ASK VOTE ON TREATY IN SENATE

Will Meet Thursday to Consider Disputed Sections of Pact.

Washington, Aug. 13.—At a stormy session today the senate foreign relations committee agreed to expedite consideration of the peace treaty. Re-reading of disputed sections and the consideration of possible amendments will begin tomorrow.

Senator Hitchcock, Nebraska, ranking Democrat of the committee, was understood to have told the committee that unless there was early committee action an attempt might be made to force a vote on the treaty in the senate.

Chairman Lodge and others were understood to have expressed assent to the proposal to hasten the committee's consideration, but Senator Fall, Republican, New Mexico, was said to have taken the position that any precipitate action would be impracticable.

The senate foreign relations committee had turned its attention to Mexican and Colombian questions today, while in the senate, also the plan of leaders was to lay aside temporarily the issues of the treaty fight and take up other business.

Meanwhile, however, there was a revival of interest in the proposal for a definite reservation program along the lines recently agreed on by seven Republican senators. Informal discussion among senators and discussion of the program by Senator Lodge, the Republican leader, was a central feature of yesterday's session. The reservation group said they were very hopeful that Mr. Lodge would agree to their plan but the party leader himself had no announcement to make.

Within a few days it is expected there will be a conference of the reservation advocates with Senator Lodge and other Republicans. Should a score or more come to an agreement on reservations, it is believed negotiations will begin with Democratic leaders with a view to finding a middle ground on which the treaty can be ratified with reservations in the near future. So far, however, the administration forces have shown no sign of abandoning their fight for unreserved ratification.

## REDS AND GIANTS IN BIG SERIES

McGraw's Men Must Win Five Out of Six Games to Take Lead in National League.

New York, Aug. 13.—The most important series of the National League pennant race thus far this season began here today when Cincinnati, leading New York by 4 1/2 games, met the Giants in the first of three successive double headers. The two teams have alternated in the lead almost from the start of the season, when Brooklyn set the pace for a short time. McGraw's men have not encountered a losing streak, have been more successful than their eastern rivals during the past few weeks, gradually widening the gap between first and second places. To wipe out the Red's lead McGraw's men must win five of the six contests, while a severe setback would be difficult to overcome in the remaining 36 games of the season.

The Reds and Giants have broken even in 12 games, in which the latter outscored the easterners 42 runs to 36. Ruether and Saltee each have won two out of three with New York. Eller one in three, while Luque had a victory and Fisher a defeat. Barnes of the Giants who won his tenth straight game yesterday, took two out of three from Cincinnati. Senators won three times in five games and Toney met defeat in his contest.

## BULGARIA WILL GET MEDITERRANEAN PORT

Paris, Aug. 12.—(Havas).—The supreme council, the Echo de Paris says, is preparing to give Bulgaria an opening to the Mediterranean sea through either Dedeagatch or Kavala. The territory surrounding the port selected would be annexed and placed under a status similar to Danzig. That portion of Thrace given Bulgaria at the close of the Balkan wars including Dedeagatch. The Bulgarians and Germans built a railroad from central Bulgaria to Dedeagatch.

## COSTA RICA PRESIDENT'S BROTHER IS MURDERED

Washington, Aug. 13.—Joaquin Tinoco, brother of the president of Costa Rica was assassinated August 10, according to reports today to the state department. No details were given. Whether President Tinoco is still in Costa Rica is not known at the state department. He was reported recently to have asked leave of absence from congress with the intention of leaving the country. Joaquin Tinoco was his legal adviser.

## POST-SEASON SERIES BREWING

Twilight League Champions  
to Play All Star Aggregation  
For Benefit of Salvation Army.

Twilight league fans who have been bemoaning the fact that the baseball season was closing will be glad to hear that a series of post-season games are scheduled between the Twilight league champions and an all star team selected from the other teams in the league. The series will be held next week, Monday, Wednesday and Friday at White Field. The Biks will take charge of the games and have already been granted permission to charge admission to the contests. The proceeds of the series will go to the benefit of the Salvation Army.

A "mysterious committee," made up of men who have no interest in any of the teams in the league is now at work selecting the All Star aggregation, the names of whom will be announced when the selection is completed.

It is understood that only Newark players will participate in the series which resolves itself into the home talent putting on the whole show.

The question of whether the Twilight league champs play the Champions of Zanesville or the Champions of Columbus Industrial league presents a number of conditions that the Y. M. C. A. cannot meet and so the final decision as to whether Newark folks will see any inter city championship games falls on the supporters of the local champions.

**BEAU BRUMMELL** who "taught Wales what a coat was like"—inventor of numberless niceties of dress—gambled himself into poverty. Publicly cut by the King, he had his last remaining sherry laid out preparatory to seeking a friend who might save him from disgrace. With Weston, his faithful valet, keeping the door against the bailiffs, the great beau shaved serenely on. Prince of the Dandies to the last, he finished the job with the utmost care. Then, carefully wiping dry the precious blade and affectionately placing it in its case, he turned to Weston with the command: "Now let the rogues in."

The razor that Beau Brummell used was a shaving tool of wonderful balance. Length, temper and correct diagonal stroke were there; all it lacked was the safety and convenience of the double-edged, detachable blade of the

## INCREASED COST OF TELEPHONE SERVICE IN HOMES

All the expenses, including taxes, but excluding dividends and interest, for the telephone in your home increased 29.2 per cent from April, 1918, to April, 1919. Since last April we have increased the wages of the employees of the company 20 per cent, which would increase the 29.2 per cent materially.

The price of the telephone in your home is now exactly 20 per cent higher than it was in April, 1918.

That doesn't look like "profiteering" on the part of the Company, does it?

HOW BOLSHIEVISM WOULD WORK.

Under Bolshevism, no one would have any special incentive to keep up or increase production, no one would have any incentive to work or apply efficiency systems, no one would have any incentive to study out new and better technical processes, no one would have any incentive to educate himself. The production of every industry would drop down.

It may be said that Bolshevism in practice would finally see that some incentive was given to anyone who could increase the product. In Russia, Lenin, after trying pure Bolshevism, has been reported to be paying managers high wages in order to get the advantage of organizing ability. But in so doing he is simply applying the principles of pure capitalism, and admitting that Bolshevism is a failure.

The result in a period of years would be what is now seen in Russia, an enormous falling off in production and a great scarcity in everything. If a factory under Bolshevistic management produced a third what it produces under modern scientific efficiency, it would do pretty well. There is no considerable unemployed reserve that could be drawn upon to make up for the falling off of production under Bolshevism.

If through Bolshevism the clothing factories produced only one-third as much, everyone would have to wear his clothes three times as long. If all the superfluous clothing of wealthy people were divided up among the poor, that would amount to but a slight addition per person. The man who looks shabby would be in rags. Food production would be reduced to a minimum. The people would not get half what they now have to eat. Meat would be scarce at times as scarce. People would have to live largely on what vegetables they could raise themselves. If they raised more than their share the Bolshevist committee would come and seize it.

ATTACK ON MARRIAGE.

A great deal of hot air is being used upon the marriage question. A large part of the popular press and plays deal with the infelicities of the act, do not seem to think people are interesting unless their lives are all tangled up by the eternal triangle. They give the impression that most people pick the wrong wives and husbands, and that wedded life is a miserable state of upheaval.

The very odd remark was made some years ago that the modern novel is neutralized, ends and commences.

How unreal this all seems to most folks in a town like Newark, where most people live in peace and harmony in their homes. Of course divorce is common now-a-days. But with the great mass of hard working people, when it occurs, it is usually for one of the more serious faults.  
It is in high society, among temperamental and nerve-strung people, that divorces are sought for a wide variety of causes, many of them trifling, and where there is serious interest in the marriage state.

People of this type do not have enough to occupy their minds. They spend too much thought and time in fancies and fictions, they have too much idle time to brood over chafes and differences. Many marital quar-

rels develop that would never occur among hard working persons.  
Among the great mass of industrious, active people, you won't find many people claiming that marriage is a failure. Two people joining together for a common end year after year, generally get along well. They are bound together by ties that grow stronger each year. They have no time to get morbid or to think too much.

PRESIDENTIAL CAMPAIGN.

If the Republican senate goes so far, as now seems likely, so as to add any real amendments to the League of Nations constitution, it will plunge the whole peace settlement into confusion, and delay reconstruction.

When this government proceeds to make amendments, the other powers will immediately clamor for changes. Germany, most of all, bitterly smarting under what she calls hard terms, will bob up again with new demands and refusals. Nearly a year will have passed since the armistice was signed, and nothing will have been accomplished to set the world to rights. Meanwhile the forces of unrest and Bolshevism, emboldened by lack of settled policy, protesting against want and suffering now existing, will become stronger and make new intrusions. The whole social structure will be endangered. The senators who are quibbling over hair splitting amendments are taking a terrible risk. The world needs to settle down and go to work. It can not do so until the treaty is finally signed and to restrain turbulent elements, the League of Nations should be at work at once. While we are fussing over remote possibilities and strained interpretations, the world is rocking.

Quite likely however, the Republican majority may draw back on the brink from their mad course and merely adopt a few "reservations." As these will not have been consented to by any other power, they will be worthless. All the delay, so dangerous and destructive at this critical time, will have been useless. The people of the United States are very strongly in favor of the League, they want peace signed immediately, and their wrath grows daily at the senate faction that stands in the way of prompt return to normal conditions. They will have no use in 1920 for the party that obstructs the peace settlement.

BETTER FEET DRIVE.

One of the most famous manifestations of barbarism has been the Chinese custom of binding the feet of girls. To produce the small and stubby foot that conformed to the Chinese standard of beauty, female children had to suffer incredible tortures, and to incapacitate themselves for active work. For centuries this custom has been regarded as demonstrating the superstitious and fantastic character of the Chinese mind.

Yet here in America there exists a custom that is almost as ridiculous and harmful, that of wearing pointed and other tight shoes. China at least had the sense to confine its foot binding to the girls. In this country the young men also acquire the foot binding craze, as the result of the pointed foot. With most people who have worn this grotesque footwear, the foot has been crowded into an artificial form contrary to nature and destructive of the purpose for which the foot was intended.

Great numbers of people suffer from flat foot and similar troubles, which interfere with their efficiency and comfort. Who ever heard of these ailments in the days when men and women wore simple broad toed or rounded shoes that fitted their feet?

Recognizing that serious inconvenience and suffering have been caused by this unnatural fashion, the Young Woman's Christian Association has launched what it calls a "Better feet campaign."

"Women's shoes are as bad as they can be, and men's shoes are growing worse every day," says one of the leaders in this movement. This is a good cause and it is hoped that the sentiment created will influence the designers of shoe styles. Certainly it is time that people had sense enough to break away from this barbaric custom.

A MODERN VERSION OF MAUD MULLER AND THE JUDGE

EASTERN STATES LAUD COX FOR STARTING WAR ON HIGH PRICES

Governor James M. Cox's name is on many tongues in the East since he launched the food probe which resulted in a nation-wide movement to lower the cost of living, according to a letter to the Advocate from Frederick E. Riegle, a representative of the Wehrle company, who is traveling in the eastern states. Riegle says eastern people have much room to kick, prices being much higher than in Ohio. His letter follows:

"I have been working in the interests of The Wehrle company in the state of New Jersey, and I want to say that the people of Ohio have many things to be thankful for.  
"Prices down here have climbed until I believe they have taken all the good out of the pudding. In restaurants too shredded wheat biscuits and barely sufficient with milk to cover, and one cup of coffee cost 30 cents. Two fried eggs that have very little taste, and a piece of sliced ham, that looks like a strip of bacon so that it rolls up in frying, cost 45 cents; a small steak, anywhere from 75 cents to \$1.25, and a sliced tomato—get this—25 cents; and if you order green peas you get about 25 peas for 20 cents, and about a tablespoonful of spinach for 25 cents. Eggs on one of the markets here were selling at 95 cents per dozen. You can get six little harvest apples for 10 cents, three plums for 5 cents, or two small peaches for 3 cents. Is there any wonder that the prices charged? The street car fares are 7 cents and 1 cent for transfers, and the people are paying \$1 per thousand cubic feet for artificial gas.

"I have heard in my old-fashioned mode regarding Governor Cox and the people say down here that if they had a governor like James M. Cox of Ohio things would be different. But they claim that some of the eastern governors are in the big political machines and that the governor, unlike our Governor Cox, are not working in behalf of the people, so the different organizations are taking matters in their own hands to force the proper authorities to investigate.

"The one great issue now seems to be the milk question. There are two grades sold down here—one called 'A' that still bears part of the cream, and one called 'B' that some one else has taken the cream. It seems that this 'B' grade is the one that is sold to the poor, and really, if you could see some of these sick-looking children you would wonder that they could live on the very best of it. It is to be sold instead on the skim milk that the farmers in our sections feed to the pigs.

"The people here are warning the people to buy only fresh, and all indications point to some shortage later on.  
"At present I am in Newark, N. J., which is a very fine city, kept very clean. The people congregate in the public parks, in the swimming and in the playgrounds, and find a little shade, where they sit on the grass and read their papers. The lands play, and nurse their children. The lands play, and nurse their children. The lands play, and nurse their children.

per men are put in office and only that kind tolerated.  
"I wrote Governor James M. Cox, telling him how the people down here felt towards him, and also regarding some of the comparisons that were made between these governors and himself and I received an answer from his secretary, thanking me for my interest.  
"On which side of our public square are they going to erect the granite shaft in commemoration of Licking county's place, and standing in the memory of her great men. The parks here in the east are full of such tributes to her famous sons and benefactors."

Readers' Viewpoint

Replies to Southsider.

Editor of the Advocate.—Saturday's edition of the Advocate contained a reply to a farmer's communication from Franklin township by a "South Side Resident," who unthoughtfully said: "The average farmer would rather see his berries dry up on the bushes than to have others get them for nothing."  
I'm sure if they were in the farmer's shoes for a few days they could see differently. Pickers are not forbidden because farmers are selfish and berries are scarce but rather because city folks look to the patches in the early morning and by the time the farmer has finished his necessary duties the patches are stripped and the farmers time is spent in vain and his cans remain empty. Is it any wonder that farmers get angry when folks take possession of their property? It has been true in more than one vicinity that gates have been left open and animals strayed away.

South Side Resident said: "Where is the owner who should be looking after his stock, fences, etc." He has been most assuredly harvesting the grain which will go into the bread for the consumption by city people as well as many other things which he forgets he receives from the country. Anyway, has the time come when the farmer must guard his farm against intruders?

It is not a question of berries and garden truck as much as of property and the advantage that some city people try to exert over the farmer and the privileges of the farm. It is high time the farmer was showing some city folks their place and bring before their mind the fact that they are almost entirely dependent on the farmer for their daily food. The farmer, however, has work and is glad to be a tiller of the soil but does not enjoy the slams, insults and unkind words he receives. I am sure if the readers will give this careful consideration, they will agree with the farmers' view point.

South Side Resident thinks he is right. This is a remark. When a man's right is slighted, and when he's wrong, he's right. That is a broad statement and the readers may draw their own conclusions, to whom such a remark rightly belongs.—An Interested Farmer West of U.

## MARION JORDAN BROWNS IN LAKE

**Former Granville Resident  
Meets Death in Lewiston  
Reservoir—Mother Was  
Native of McKean Town-  
ship.**

(Special to The Advocate)  
Granville, Aug. 13.—Information has reached Granville of the sudden death by drowning of Marion Jordan, 35, whose family formerly resided in Granville. Details are lacking as to the cause of the accident, which occurred in the Lewiston reservoir in the southern part of the state. The young man was an expert swimmer and it is supposed that he was attacked by cramps, and as the waves were running very high, his body was not recovered for two hours. He was the son of a McKean township woman who was before her marriage, Miss Anna Horton, well known in this county. He was unmarried and is survived by one brother and three sisters, all of whom are married. Mrs. Harry Little of Abilene, former Miss Dolie Carter of Granville, who with her little daughter Margaret is visiting her aunt, Mrs. Carrie Deviney, entertained Mr. and Mrs. Daniel Bevard of Crestline over Sunday. Mrs. Donald Van Winkle and child of Cheyenne, Wyoming, who have been visiting her parents, Mr. and Mrs. Albert Hessin, have left for their home. Mrs. Emma Guckert, her sister Mrs. Robb, and her daughter Miss Lily Guckert, have returned from an automobile tour of the East. Mr. and Mrs. J. S. Jones have gone to Washington where they expect to remain a week. The Granville Grange will meet Friday evening, August 15, at 8 o'clock in Odd Fellows hall. Postmaster Geach says that Granville has been doing its duty by the War Savings Stamps and that before the month closes he expects another drive. Clifford Case is one of those who have bought "the limit" and a list will be made of the entire number who have taken the 200 W. S. S. Lieutenant Willis A. Chamberlin, professor of modern languages in Denison University, who offered his services to the government on the declaration of war by the United States, and was stationed at Fort Oglethorpe, Ga., and later at Fort McPherson, Atlanta, Ga., has arrived home on a 15-days' furlough, before his discharge. After a visit with his wife and children, he has gone to Geneva to visit his old home for a few days. He will re-enter academic work as head of the department of Romance Languages in Denison. Mr. and Mrs. E. J. Dorsey, who have been visiting the family of their son, Dr. G. Dorsey in Gloucester, Mass., returned home this morning. Mr. and Mrs. W. W. Geach, Mr. and Mrs. Walter Thompson and Miss J. F. Upmeyer, 74 Landmeaford HB Thompson have left Granville for an extended motor tour of the East. Rev. and Mrs. Charles Matthews and two sons of Topeka, Kansas, who have been guests at the home of Mr. and Mrs. E. C. Roberts since Sunday, have left for Springfield.

## THE COURTS

**Road Hearing.**  
The county commissioners today were in regular weekly session transacting routine business after which a hearing on the Pound road took place. Petitioners asking a change to cut out a hill near the Pound farm in Newton township.

**Hull Sues City.**  
Eli Hull has filed a damage suit against the city asking \$6,000 alleging that the defendant appropriated from four to seven feet of land off a half dozen of his lots in Neal avenue in constructing cement curbing and paving. Hull alleges that the city with out authority or any legal proceedings proceeded with the improvement.

**Says Contract Is Broken.**  
C. C. Parde has filed a petition in common pleas court against Ray Bros., in which he alleges that they entered into a partnership on April 2 last, for the purpose of farming, and under the terms of the contract it was provided that Brosus furnish three horses and all of the farming implements and keep up the repairs on the place. Parde was to furnish 85 acres of land in Harrison township and was to have the right to designate what fields should be cultivated and how all products, produce and stock should be sold and what repairs should be made. He was also to provide material for repairs and for a fence which he requested Brosus to build. The latter refused to do so and plaintiff asks the court to dissolve the partnership, that a receiver be appointed for same and that an accounting be made.

**STRAITSVILLE CAMP MEETING.**  
The meetings which are in progress at the Straitsville camp ground are increasing in interest. The evangelist, Dr. O. E. Williams, understands the Bible, making it clear and plain. The Bible study which he conducts each afternoon is well worth hearing. Sunday, the closing day, meetings will be held at 10 in the morning when Dr. Williams will speak on the "Content of the Cross," at 2:30, "That Which Makes America Famous," and at 8 p. m. on the "Unpardonable Sin." An offering will be taken Sunday for the evangelist.

## Our Boys and Girls

A fly veil for the baby coach is made as follows: Take one and a half yards of double width fine white net and bind the edges with blue or pink satin ribbon. Cover four small flat lead shot with ribbon, and fasten to each one a rosette of ribbon to match the border. Attach these to the corners of the veil. When thrown over the coach the veil will keep the flies and other insects from the baby, and owing to the weights attached, cannot be blown off by the wind.

Cleaning a baby's finger nails is very difficult. Some mothers prefer doing it when the child is asleep but many times the needed rest is disturbed, so that plan is unwise. I have discovered that an ordinary piece of writing paper, folded several times into a square, will do the work quickly and safely. I use the firm corner formed by the folding of the paper, and no injury or discomfort results.

## Milady's Boudoir

### The Neck and Shoulders.

It is not given to every woman to have a beautiful neck and shoulders and chest, but she can make the most of the two as nature gave them to her, by massage and exercise. Salt baths of sea salt also tend to clear the skin of the neck and bring the blood to the surface giving it the glow of health.

Olive oil or some good cold cream, applied to this part of the body, keeps the pores open and helps the skin to throw off any secretions which may be clogging the pores.

Any exercise that stretches taut the muscles of the back the chest and the neck will keep away any superfluous flesh and make the skin hard and firm. Exercise will also aid in the thin neck. The neck sometimes gets dark from the wearing of high, tight collars. For this a bleach should be used and there is much magic in lemon juice.

Powdering the exposed shoulders and chest takes away all the natural,

healthy glow of the skin. Any shine that may appear may be removed with a soft flannel cloth or a chamamois. Rub the skin very gently without powder, as it remains more healthy than when covered with powder and the gentle friction answers the same purpose.

The woman whose back is not well formed does well to wear her gown only slightly low. The woman who has a well moulded, white back can wear a gown cut much lower and still not appear to be immodest. The light chaffon or lace throws so popular this season, make a soft finish for a low cut gown, the gleam of a white back and shoulders showing through fragile material, is much more fascinating than the bare skin.

#### MANUFACTURERS SAY

SHOE PRICES WILL DROP

Boston, Aug. 13.—Predictions of a  
decided drop in the price of shoes were  
made by leather dealers and shoe man-  
ufacturers who testified yesterday at  
the grand jury investigation of the  
high cost of living being conducted by  
District Attorney Joseph C. Pelletier.  
The consensus of opinion, however, was  
that the decline might not come for an-  
other year.

Witnesses said that the people demand-  
ing a high grade of shoes and were will-  
ing to pay for them. One leading firm  
was brought out, had millions of dol-  
lars worth of cheaper grades of sole  
leather on hand, which manufacturers  
would not use because it did not come  
up to the standard demanded by pur-  
chasers.

Former Governor William L. Doug-  
las and Edward P. Douglas were among  
the shoe manufacturers who were heard  
today. Hollis P. Davis, president of the  
Massachusetts retail shoe dealers' as-  
sociation, and other retailers also were  
interrogated.

The district attorney's office said  
one man called as a witness, the local  
representative of a large leather house,  
declined to testify on the ground that  
his evidence might tend to incriminate  
him.

Manufacturers, wholesalers and re-  
tailers who were questioned all agreed  
it was said that the margin of profit  
on high-grade shoes was no greater  
today than that received when shoes  
were selling at a much lower price.

Berlin, Vespische-Zeitung denies that  
the German submarine U-109 which  
disappeared 3 years ago has arrived in  
Brazil.

## DENIES ALLEGED DUTY OF OFFICER

Attorneys For Schrader  
Hold That Flagging Street  
Cars Over Rail Crossings  
Not Duty of Patrolman.

In the damage case of Eva M. Nutter  
as administratrix of the estate of Felix  
C. Nutter, against Jacob Schrader, in  
which Mrs. Nutter seeks \$20,000 dam-  
ages for the death of Felix C. Nutter  
on the evening of May 26, 1919, when  
he was struck by an automobile driven  
by Schrader at the railroad crossing,  
the Schrader attorneys, Mc-  
Donald & Slabaugh, have filed a motion  
asking the court to strike from the  
plaintiff's petition the following allega-  
tion:

"That on said date and for a long  
time previous thereto it was the cus-  
tom of city policemen when about to  
board a street railway car of the Ohio  
Electric railway, when near a railway  
crossing, to signal said street car for  
such crossing."

Schrader's attorneys also ask to have  
struck out an allegation in the petition  
reading: "The said decedent in pursu-  
ance of his duties, and also the words  
and meaning of his duties, he said."  
The attorneys for Schrader claim  
that the above words are immaterial  
and incompetent.

Fitzgibbon, Montgomery & Black are  
the attorneys for the plaintiff.

## TWO ALARMS COME CLOSE TOGETHER

There were two fire alarms last  
evening, one at 5:20 and the other at  
5:30, the second coming after the first  
companies with the exception of the  
South end had answered the general  
alarm which called them to the plant  
of the Buckeye Rolling Mills in the ex-  
treme west end of the city. A part of  
the roof had caught fire and was ex-  
tinguished with only slight damage.

The second alarm called the remain-  
ing company to the Wehrle plant at  
5:30. The ladder truck from headquar-  
ters with the men on duty there also  
arrived. Fire had caught the roof  
around the cupola and was soon ex-  
tinguished with slight loss.

## FRIENDS URGE NORPELL TO ACCEPT NOMINATION

Attorney Max Norpell, who was nom-  
inated yesterday by Republicans writing  
his name upon the ballot for city so-  
licitor, stated today that he had not  
yet arrived at a decision as to  
whether or not he would accept the  
nomination. His friends are urging  
him to do so and state that they will put  
up a stiff fight in his behalf.

## DECLARES HE IS HIGHLY PLEASED WITH NEW REMEDY

Well Known Columbus Citizen Suffered  
From Stomach Liver, Head Kid-  
neys, Nervousness, Loss of Ap-  
petite and Constipation.

New Herbal Remedy Drego, Gave  
Prompt Relief, and Made Him  
Feel Full of Energy.

Here is a man who is known all over  
Ohio among the farmers and cattle men,  
for he has been foreman for Drovers  
Union Stock Yards Co. in Columbus for  
a long time. He is Mr. Bert Beckwith,  
and in speaking of the new morning  
Drego, recently, he said:

"My liver was sluggish and I often  
had dizzy spells, spots floated before  
my eyes; my tongue was coated and I  
had a foul taste in my mouth; my kid-  
neys were weak, and I often had dull,  
aching pains in my back. After eating  
meal I felt very uncomfortable, caused  
by gastritis, which gave my stomach a  
full, bloated feeling, often with a burn-  
ing sensation."

"I dreaded for night to come because  
I was so nervous I could not sleep, but  
would roll and toss from one side of the  
bed to the other, and after a morning  
came I would be more worn out and  
nervous than when I retired the night  
before."

"Since taking Drego all these ails  
have disappeared; my bowels act regu-  
larly, no more dizzy spells attack me;  
the bad taste and foul breath are gone.  
I stoop and bend over without a pain in  
my limbs, and all the aches in my back,  
in the region of my kidneys are gone. I  
sleep sound all night long and have to  
be roused every morning. I can't say  
enough in praise of this great remedy,  
Drego."

Drego is made from juices and ex-  
tracts of many herbal plants which act  
on the vital organs promptly in a pleas-  
ing manner. Drego does not contain  
any iron, mercury or potash.

Mr. Beckwith, the well known Drego  
expert, has headquarters at Evans' Cut-  
Rate Drug Store, to meet the local pub-  
lic and explain the merits of this great  
remedy. See him today.—Adv.

## SAVE YOUR TEETH FROM PYORRHOEA

Before They Loosen and Fall Out—Tend-  
er, Bleeding Gums Are Warning  
Signals of Dangerous Riggs Dis-  
ease—How to Treat at Home.

Don't lose your teeth from Pyrrho-  
ea or Riggs Disease. It's unnecessary  
now. There is no reason why everybody  
cannot have good, firm teeth and  
healthy gums and be free of the humili-  
ation of bleeding, diseased gums and  
unsightly, decaying teeth.

You needn't have your teeth pulled  
or wear false ones. Simply go to T. J.  
Evans, or any live local druggist and  
ask for one ounce of Epithol—remem-  
ber the name, E-P-I-T-H-O-L, and use it  
as directed.

This is the prescription of a famous  
New York dentist and it seems to work  
like magic on loose teeth and sore, ten-  
der, inflamed, receding, shrunken,  
spongy, bleeding or pus-discharging  
gums. Teeth tighten and the gums  
grow sound and healthy and the bleed-  
ing pus discharge soon stops. Both  
dentists and users are amazed at the  
wonderful improvement it brings so  
quickly.

All the druggists named above dis-  
pense Epithol on the positive guarantee  
that unless it gives satisfactory results  
the money paid for it will be refunded.  
This makes it a safe and money  
matter and certainly proves its value.

### CONGRESSIONAL INVESTIGATORS PROBE INTO U. S. ARMY BRUTALITIES ABROAD

Representatives Oscar E. Bland (left) and Royal C. Johnson.

Much evidence of brutality to inmates of the prison camps of the American expeditionary forces in France has been unearthed by Representatives Royal C. Johnson of South Dakota, former service man, and Oscar E. Bland of Indiana, members of the congressional sub-committee on foreign expenditures. Evidence that army officials in France deliberately destroyed millions of dollars worth of U. S. property has also been brought to light.

### LET'S MAKE OUR VICTORY "DOUBLE"

President W. W. Davis sent the following letter to seven hundred members of the Newark Chamber of Commerce today:

I am sure you have in mind the matter of giving your moral and financial support to the War Work Organization in its campaign this week for the sale of War Savings Stamps, because we feel that Newark and Lackington County's pride is at stake and that this week's effort is absolutely going to determine whether our county will win the beautiful Victory Shaft that is to be awarded to the county showing the greatest per cent of gain in the sale of W. S. S. from June 1st to September 1st.

Aside from the joy and pride that is going to come to us by giving our wholehearted support to the campaign, and through the winning of the coveted reward, there is that selfish appreciation that I am sure we all have that through winning it we will obtain national prominence and publicity which could not be purchased short of thousands of dollars.

Not only will such a shaft serve as a beautiful and lasting memorial to the splendid young manhood of our county, who served in the Great Cause, but it will also be a fitting tribute to the patriotism and self-sacrifice in the public service of the citizenship of Newark and Lackington County and more especially to those of our citizenship who have worked so valiantly in the War Work Organization—the organization that has made it possible for this, our County, to attain a record that each of us may justly feel proud of.

Rarely ever does there come to an individual an opportunity to make an investment that will bring his community rational prominence. Let us grasp this one.

We are all taking a great deal of pride today in the achievement of our fellow townsman James Cooper, the popular letter carrier, who has won the championship of the country in the sale of stamps. Let us make our victory a double one and have Lackington County take the lead among all counties of the nation in War Savings Stamp sales.

LET ME URGE YOU TO BUY W. S. S. THIS WEEK.

Cordially and sincerely yours,

W. W. DAVIS,  
President

### DOCTORS TO DISCUSS SOCIAL DISEASES

The problem of social diseases in this section of the state will be studied from a scientific viewpoint at a meeting of physicians from this and surrounding counties at Zanesville on Thursday, August 28.

The gathering is one of a series planned for this fall under the auspices of the committee on medical education of the Ohio State Medical Association for the purpose of bringing to the medical profession the latest methods in diagnosis and treatment of social diseases, developed through the experiences of the medical branch of the army during the war.

The United States Public Health Service is cooperating in these lectures. A fund of most interesting information has been gathered by Dr. H. N. Cole, Director of the Bureau of Social Diseases, State of Ohio, and instructor in the Medical Department, Western Reserve University, who will be the lecturer.

### THE IDEAL WOMAN.

The great Napoleon once said: "The ideal woman is not the beautiful feature society belle, whose physician tries in vain to keep her in repair but the matron who is the middle age in complete preservation. A woman is considered beautiful in perfect health." To attain such health in middle life a woman must guard against those ills which drag her down and produce nervousness, headache, backaches, sleeplessness and the blues. The standard remedy for such conditions is Lydia E. Pinkham's Vegetable Compound, which for forty-five years has been restoring women to health and youth.
